She had not left the promised sticker, and Lida seriously doubted whether she had any left, having heard, through the grapevine, that she'd sold all three of them to an introduction service on the day they came in the mail. With his last gasp of self-confidence Barry asked Lida Mullens whether she would consider giving him an endorsement. He promised to pay her back in kind the moment he was issued his own license. Lida informed him airily that she didn't have a license. Their entire conversation had been illegal. She looked back and forth from Lang to Crawford, her face expressing formless doubts..Dramatization is another. I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..hall. He spent most of August, when he should have been on vacation, trying various methods of detecting sound through the device. By focusing on the interior of a speaker's larynx and using infrared, he was able to convert the visible vibrations of the vocal cords into sound of fair quality, but that did not satisfy him. He worked for a while on vibrations picked up from panes of glass in windows and on framed pictures, and he experimented briefly with the diaphragms in speaker systems, intercoms and telephones.
