These cells could serve as potential organ banks for the future. If the time were to come when an adult found he had a limping heart or fading pancreas or whatever, or if a leg had been lost in an accident or had had to be amputated, then those long-frozen cells would be defrosted and put into action. (Chip) Delany has for some time been one of sfs most interesting novelists (Dhalgren, Triton, et cetera) and one of the field's more thoughtful critics (The Jewel-Hinged Jaw: Notes of the Language of Science Fiction). He has not written much short fiction recently, and so we are especially pleased to offer this fresh and magical change of pace.. from Competition 13:.branch so the grey man had not been able to see him from the waist up.. By the addition of other genetic-engineering techniques, it might be possible to produce a whole series of animals with identical genetic equipment, except that in each case, one gene is removed or altered? a different gene in each individual perhaps. Smith is watching the planet Mars. The clockwork which turns the Ozo to follow the planet, even when it is below the horizon, makes it possible for him to focus instantly on the surface, but he never does this. He takes up his position hundreds of thousands of miles away, then slowly approaches, in order to see the red spark grow to a disk, then to a yellow sunlit ball hanging hi darkness. Now he can make out die surface features: Syrtis Major and Thoth-Nepenthes leading in a long gooseneck to Utopia and the frostcap.. Maybe it's me, but I don't think I'm handling the stim console badly. If I were, the nameless tech would be on my ass over the com circuit. Lang, the worst since the day of the blowout. Later in the castle hall, Amos and the prince stood bound by the back wall. The grey man chuckled to himself as he hung up the two-thirds completed mirror. The final third was on the table.. Thus, the facts alone make it clear that the King has no such intent His real purpose in building the Project is to provide a haven. A haven to which the people can flee should a second phenomenal ram-fall again cause the Twin Rivers to overflow their banks to such an extent that the entire Plain becomes inundated. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose.. The captain, an Indian named Singh, got his crew started on erecting the permanent buildings, then climbed into a crawler with three officers for the trip to Tharsis. It was almost exactly twelve Earth-years since the departure of the Edgar Rice Burroughs.. Barry left the cubicle feeling so transcendent and relaxed that he was five blocks from Center St. before he remembered that he'd neglected to have his license revalidated at Window 28. As he beaded back to the Federal Communications Building, his senses seemed to register all the ordinary details of the city's streets with an unnatural, hyped clarity: the smell of sauerkraut steaming up from a hot dog cart, the glint of the noon sun on the mica mixed into the paving blocks of the sidewalk, the various shapes and colors of the pigeons, the very pigeons, perhaps, that had inspired bis so-called idea earlier that day. She reached past the hunter and pulled the knife from the door with an ease that surprised him. Gently she took down the skin. She shook it out once and smoothed the nap with her hand. Then, as if putting on a cloak, she wrapped the skin around her shoulders and pulled the head over her own..He grinned and blitzed me. "Yeah, I guess. Most of the things you read about it are pretty nearly true..".It's a very little thing to thank me for," Amos said. "But we had better start back if we want to be at."That's okay," she said. There was a purposefulness about his mien that had been lacking on his previous visit; a fierce, almost an awesome, determination that made him seem larger than life.
